1. Action Item – Sunnyside Sewer Main Rehabilitation Change Order

Meeting minutes: For additional information, please reference the meeting recording.

Meeting called to order by Chairman Brady Belliston at: 12:35 p.m.

00:00:00 **SUNNYSIDE SEWER MAIN REHABILITATION CHANGE ORDER:**

Ms. Bridges stated that the City of Idaho Falls has requested a change order pertaining to the Sunnyside Sewer Main Rehabilitation project. The change order is due to the flow meter located in a special manhole. The 30-inch sewer line reduces to a 10-inch line at the manhole requiring a special treatment. After some consideration, it was decided that a spray-in lining in the area near the meter would be best.

The cost of this change order is \$65,277 and 100% is required by IBSD as the flow in that area belongs solely to IBSD.

Mr. Harris stated that when the original bid was made it was believed that the machinery could be pulled through the whole line, however, with the meter located where it is that is not possible. Mr. Harris stated that the City of Idaho Falls feels that this line is in need of repair and should be done with the rest of the project.

Ms. Bridges stated that the amount of the change order is within the 25% of the contract price allowed for change orders in the project contract.
