# Home Water Assistance Program

## The Low-Income Home Water Assistance Program (LIHWAP) may be able to help you

### What can be paid with LIHWAP:

- Past due home drinking water and wastewater bills,
- Disconnect and/or Reconnect fees;
- Current bill amount due.

### What can not be paid with LIHWAP funds:

Costs for services or other charges unrelated to drinking water and wastewater services are not eligible to be paid with LIHWAP grants (ex. trash, telephone, infrastructure).

Bills that include multiple services must be able to be separated out to extract the charges for water and waste water.

**Bills that cannot be separated out, cannot be paid.**

There are seven (7) Community Action Agencies throughout Idaho who review eligibility for LIHWAP benefits. Please refer to the agency based on the county where the household resides:
